

Flagstone International cash deposit platform

Take control of your savings and find out how the Flagstone International cash deposit platform can benefit international private clients.

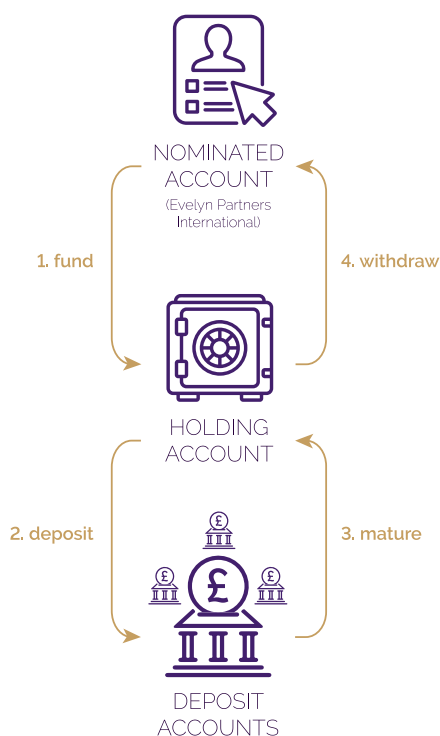

Evelyn Partners International Limited (Evelyn Partners) has partnered with Flagstone International to offer clients an easy-to-use platform that allows multiple deposit accounts to be opened in a single click. Enjoy access to a wide selection of competitive accounts from trusted bank partners – all accessed through one highly secure online application.

What is a cash deposit platform?

A cash deposit platform works with banks to bring together an extensive web-based range of deposit accounts, which can be exclusively accessed by clients via one online platform.

Why use a cash deposit platform?

Cash deposit platforms save time and paperwork by allowing multiple accounts to be opened after a single onboarding process, where savings can be seen together in one place.

Why Flagstone International?

Flagstone International has simplified the process of finding the best rates and providers. Platform users can pick and choose between accounts without needing to complete any additional forms.

The platform is designed to:

- Streamline your savings to see all your cash in one place
- Offer you easy access to many accounts with exclusive interest rates
- Save you time by removing the extensive paperwork from opening multiple accounts

What are the benefits?

- Easily spreading your money across accounts: many savers want to put their money in two or more accounts to meet their financial goals. For example, some may lock up a lump sum within a higher-rate, fixed-term account, while the rest sits in an easy-access account ready for a rainy day
- Keeping up with the top interest rates: effortlessly transfer money between accounts so you can react quickly to new interest rates and make the most of your savings. This not only saves valuable time, but can bring financial goals closer by helping to grow your cash savings
- High-quality reporting: gain ongoing visibility of interest accrued on your deposits, consolidated monthly statements and an annual summary
- Enjoying peace of mind: Flagstone International and Evelyn Partners International Limited are regulated by the Jersey Financial Services Commission (JFSC)
- Retaining total control: 24/7 secure online access to your portfolio

Speak to an expert

Important information

Please remember investment involves risk. The value of investments and the income from them can fall as well as rise and investors may not receive back the original amount invested. Past performance is not a guide to future performance.
